

Summit County Sheriff's Department  
Search & Rescue  
6300 Justice Center Road  
Park City, UT 84098

Dear Sirs,

My name is Velma and I want to write and express gratitude for the assistance and professional courtesy shown to my family and myself. On July 25<sup>th</sup> my family was camping on Cumberant Lake in the Unitah Mountains when my son suddenly became very ill with kidney stones. He was in great pain and unable to walk. We were a couple of miles from our base camp and unprepared to stay the night where we were.

One of our party, Steve hiked out and alerted your office of our predicament. Immediately, Summit County Sheriff's, ambulance, and Search and Rescue personnel were dispatched to help. Everyone who responded was professional and caring. They offered the support and assistance that we needed under the circumstances.

We were impressed by the quick action and the highest professional level in which they orchestrated the extraction of the patient. Additionally, they offered outstanding assistance in helping the rest of the party off of the mountain and retrieval of the personal effects.

Our family has been camping in the Unitah mountains for over 40 years. Never did we anticipate that we would need this type of help, but when it was required it was delivered with the highest standards imaged. Kudos to your organization.

The gratitude we feel almost cannot be expressed.

Thank you  
The Family Party
